

Word

~ MEDLEY ~

Cut out the words and use them in a variety of ways:

- ❖ Everyone randomly picks a set amount (5 or so) and tries to create a specific type of writing (limerick, short story, song, etc).
- ❖ Throw words in a paper bag. Sit in a circle and take turns pulling out a word to use to add a few sentences to a group story.
- ❖ Take a piece of writing (a poem, a scene from a play, a passage from a book) and rewrite it by introducing 3 or so new elements picked randomly.
- ❖ Make a picture based on several of the words.
- ❖ Pick a short local news article, circle 10 or so of the nouns, and replace these with ones drawn from the bag.
- ❖ Create your own lists of words using the blank grid - include verbs, adjectives, and adverbs. Use them for these ideas, stick them to magnetic tape to create your own magnetic word tiles for some creative writing on the fridge, or come up with your own fun ideas!
